Mullins Wheels has done it again! Kicking off the new year with a bang, we're pleased to announce the release of our Essen wheel.

Essen is a stunning 5 spoke wheel, available in a wide range of fitments to suit a myriad of small to medium passenger vehicles.

Bulletin No: **131** Product Group: **Alloy Wheels**

The wheel is finished with a striking gunmetal black with machine face, and has clean lines on the spoke edges to create a tonne of visual interest; making it more than just a plain 5 spoke.

An eye catching wheel that we expect to be hugely popular, it is available in 15", 16" 17" and 18" sizes across a multitude of PCD drillings; and as usual we've done our best to ensure that we can offer a fitment to suit your vehicle.

Refer below for full fitment and specification listing.

Essen Wheel Range Fitments

Size	Part Number	PCD	Offset	Cap	Nuts	Wheel Load Kg	Finish Options
