Mullins Wheels is hitting the ground running in 2015, introducing the stunning new Vorst wheel into the CSA wheel range.

Due to land in early January, Vorst is CSA's brand new small to medium passenger vehicle wheel.

Bulletin No: **132** Product Group: **Alloy Wheels**

The wheel is finished with a striking gunmetal black with machine face, and has incredible detail around the spoke eyelets that create a tonne of visual interest.

An eye catching wheel that we expect to be hugely popular, it is available in 15", 17" and 18" sizes across a multitude of PCD drillings; and as usual we've done our best to ensure that we can offer a fitment to suit your vehicle.

Refer below for full fitment and specification listing.

Vorst Wheel Range Fitments

Size	Part Number	PCD	Offset	Cap	Nuts	Wheel Load Kg	Finish Options
