Mullins Wheels is proud to release **SCORPION** –
The **NEWEST** addition to the CSA Alloy Wheels 4x4 & SUV Range.

SCORPION offers a stunning, deep-dish wheel design with a wealth of fitments, and two finish options;

Gloss Black Milled-Edge & Satin Black Machined-Rivet.

SCORPION features an aggressive 7-spoke design, with tough-looking deep-dish. The **Gloss Black Milled-Edge** option has a striking gloss black paint-finish, which contrasts against the bright milled-edge of the spokes. The circumference of the wheel is highlighted by false machined rivets. Completing the look of the wheel is a gloss black cap with chrome CSA logo.

The **Gloss Black Milled-Edge** option is also finished with a smaller cap option for the 5-stud multi-drill & 6/114.3 bolt patterns.

The **Satin Black Machined-Rivet** finish features the same bold structure, but with the added toughness typical of an all-over black wheel.

SCORPION is available in a wealth of fitments, & will fit all popular 4x4 & SUVs.
