287-780P40-515A  
287-780P40-64A

Mullins Wheels is proud to release the **Krawla 4x4 & SUV Wheel** which is the latest addition to their 2016 4x4 Alloy Wheel Range.

Krawla is a bold new generation 4x4 & SUV design with some unique style elements. The five twin-spokes create a unique contrast against an intricate, profiled, outer rim edge.

The Krawla wheel also has an interesting machined undercut feature below the outer rim edge. This feature contrasts against the satin black, baked enamel paint finish to create an overall stunning appearance.

**Krawla** will fit onto a large range of the most popular Australian 4x4 & SUV vehicles, including top sellers like Hilux, Ranger, Triton, X-Trail, D-Max, RAV4, Landcruiser, Prado and more  
[www.csadirect.com.au](http://www.csadirect.com.au)

The Krawla wheel is available now so please contact our sales team or go to our website to check available fitments and **live stock on hand** today.

Krawla is a bold new 4x4 & SUV wheel design, finished in Satin Black paint with a unique, profiled outer rim edge.

The multi drilled version of Krawla will fit the VW Amarok and many other small to medium SUV's with 5/114.3 bolt pattern.

Krawla has a unique machined undercut outer rim edge and is load rated for harsh Australian 4x4 off road conditions.
