### SATIN BLACK 1500 KG LOAD RATED SUITS POPULAR AUSTRALIAN 4X4 VEHICLE APPLICATIONS

**RECOIL** is loud, off-road capable and very strong. This latest 4x4 creation by the team at CSA is purpose built to suit Australia's most popular 6-Stud and 5-Stud 4x4 vehicles.

This striking new 4x4 alloy wheel has ten spokes, an awesome, deep contoured centre bowl, and a tough looking rim edge with black stainless-steel bolts.

Recoil has a heavy-duty appearance, which is underlined by its massive 1500 kg wheel load and is suitable for all standard 4x4's and 4x4 vehicles fitted with GVM upgrade kits.

Recoil is available in 17x8.5" and 18x8.5" sizes to suit hard core off-road tyre sizes and Recoil's offset range will also cater for vehicles fitted with lift kits, flares, or both.

Recoil has a rugged satin black paint finish, distinctive **CSA-X** Pro-Series Offroad centre cap, and is designed & tested for Australian off-road conditions.

Available now for immediate delivery Australia wide with a Lifetime Structural Warranty.
